

How to Install an ICS File on Your Phone

(Notts Masters Badminton — Fixtures Support Guide)

iPhone / iPad (iOS)

Method 1 — Install directly from Safari

1. Tap the **ICS download link**.
2. Tap **Open in Calendar**.
3. A preview of the events will appear.
4. Tap **Add All** (top right).
5. Choose which calendar to add the fixtures to.
6. Done — the fixtures will now appear in your Calendar app.

Method 2 — Install via Files app

1. Download the ICS file.
2. Open the **Files** app.
3. Tap the downloaded ICS file.
4. Choose **Add to Calendar**.
5. Tap **Add All**.

Android (Google Calendar)

Method 1 — Import using a browser (mobile)

The Google Calendar app cannot import ICS files directly.

You must use a browser.

1. Download the ICS file to your phone.
2. Open **Chrome**.
3. Go to **calendar.google.com**.
4. Open the **≡ menu** → **Settings**.
5. Scroll down and select **Import**.
6. Choose the ICS file from your downloads.
7. Select the calendar to add events to.
8. Tap **Import**.

Method 2 — Import on a computer (recommended)

1. Download the ICS file on your computer.
2. Go to **calendar.google.com**.

3. Click the ⚙️ **Settings** icon.
4. Select **Import & Export**.
5. Choose the ICS file.
6. Select the calendar to add events to.

Click **Import**.

7. Your phone will sync the fixtures automatically.

Microsoft Outlook (iPhone / Android / Desktop)

Mobile

1. Download the ICS file.
2. Open the file from your Downloads.
3. Choose **Open with Outlook**.
4. Tap **Add All**.

Desktop

1. Open **Outlook**.
2. Go to **File** → **Open & Export** → **Import/Export**.
3. Select **Import an iCalendar (.ics)**.
4. Choose the ICS file.
5. Click **Import**.

Notes

- ICS files do **not** auto-update. If fixtures change, download a new file.
- Google Calendar sync may take up to 60 seconds.
- iPhone Calendar updates instantly.
